

## SPECIFICATIONS

### POLY BAGS: HI-MOLECULAR WITH CROWN SEAL

Crown Seal.

High Density Polyethylene.

High Molecular weight.

Thickness gauged in microns (10-25). The lower the micron the lighter the bag.

Bags are to be in perforated rolls.

Two (2) samples of exact bag are to be supplied by low bidder upon request.

Orders not meeting specifications will not be accepted and supplier will be required to pick up product at no expense to the Town.

The Town has the option of color ordered (buff, brown, black, clear, etc.).
