

## **Specifications**

Only Ringtread® or equal manufactured retreads will be acceptable. Conventional precure retreading is not acceptable as an exception to this bid.

All tread design will be Wastehauler Lug Tread Design or equal.

## **Scope**

**It is the intent of these specifications to properly describe an adequate method of providing retread tires to the Town of Babylon.**

## **General Conditions**

Bidders shall furnish all labor, equipment, tool, parts, components and accessories to complete the pick-up, retreading and delivery of the tires specified herein.

If in the opinion of the bidder the casing provided is damaged beyond the capability of retread, the bidder will convey that information to the Director of Fleet Services. If the Town disapproves this and directs the bidder to either repair the case or return it un-repaired - he shall do so making a notation on the billing of the name of the person giving this direction. In no case shall the bidder replace a casing without approval.

All requirements performed by the bidder will be subject to inspection and approval by the Director of Fleet Services – or his designated representative.

## **Emergency Service Repair**

In the event there is a need for an emergency repair (4) four hours shall be allowed for the time of request to the delivery of the tires.
