

## SPECIFICATIONS

### HANGING WIRE FLOWER BASKETS

#### **New Baskets:**

All baskets to be 16" diameter. Baskets shall contain a minimum of eight (8) pink cascading geranium rooted cuttings in soil with slow release fertilizer and watering gel in the media with an empty pot placed in the center of the planted basket for improved watering.

Hanging chains and liners must be included. Liners are to be made of coconut hair.

New baskets may be bought if the Town determines a need for them. The Town does not guarantee any minimum purchases.

#### **Baskets Provided by the Town:**

The Town currently has about six hundred (600) baskets without hangers and liners. These baskets shall be provided to the successful bidder. The successful bidder shall supply the hanging chains and liners for these baskets. These baskets shall contain a minimum of eight (8) pink cascading geranium rooted cuttings in soil with slow release fertilizer and watering gel in the media with an empty pot placed in the center of the planted basket for improved watering.

All baskets must be delivered to the Town of Babylon between May 21th and May 25th, 2012. All bid prices must include all delivery and/or shipping charges. This contract will be for one year with the option to renew for two (2) additional one year periods.

All plants must be delivered in good condition.
