Lindenhurst, New York 11757-2597
(631) 957-3000

RICH SCHAFFER
SUPERVISOR

BID NO. 13G30
STORM DRAINAGE SYSTEM MAINTENANCE
BID OPENING DATE: MARCH 28, 2013
10:00 A.M.

March 27, 2013

To All Bidders

This Addendum forms part of the bidding documents and modifies the original specifications..

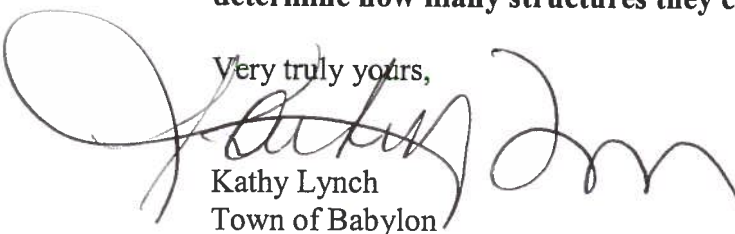

This Addendum must be attached to the original specifications and submitted with your bid or your bid may be considered incomplete. The following are requests for revisions/clarification to the specifications:

1. What is the maximum volume (cubic yards) of solids removal / disposal per structure to be included in the per structure pricing?
And, can a unit price (per cu.yd.) be submitted for necessary removal / disposal of solids beyond that maximum.

Whatever the volume of the structure is, it shall be included in the unit price. The Town will not allow a per cubic yard price to be submitted

2. If subject structures to be cleaned are filled with standing storm water, can the water be transferred (by contractor) to an alternate structure, for access to solids in subject structure? ***Yes, this will be allowed***
3. Approximately how many structures will be available per day?
Successful bidder shall be given a work order and it is up to the contractor to determine how many structures they can complete in one day.

Very truly yours,

Kathy Lynch
