

BID #15G46 - LEACHATE & GROUNDWATER ANALYSIS	Pardus Environmental	New Jersey Analytical Labs	Pace Analytical	Lockwood Kessler&Bartlett
1. Fee for sample collection and analysis of groundwater from ten (10) GMP groundwater wells (Traditional GMP) for ROUTINE PARAMETERS plus TAL METALS.	\$8,375.00	\$3,010.00	\$3,220.00	\$11,540.00
2a. Fee for BASELINE sample collection and analysis of groundwater from six (6) ground wells associated with Cell7	\$6,850.00	\$2,670.00	\$2,400.00	\$5,670.00
2b. Fee for ROUTINE sample collection and analysis of groundwater from six (6) ground wells associated with Cell7	\$4,075.00	\$1,722.00	\$1,734.00	\$9,090.00
3. Fee for BASELINE sample collection and analysis from two (2) leachate monitoring points (primary and secondary) associated with the New Northern U.	\$2,400.00	\$715.00	\$660.00	\$2,830.00
4. Fee for BASELINE sample collection and analysis from two (2) leachate monitoring points associated with the Old Northern U (secondary) and the Old Southern Ashfill (secondary)	\$2,400.00	\$715.00	\$660.00	\$2,830.00
5. Fee for EXPANDED sample collection and analysis from one (1) leachate monitoring point (primary) associated with Cell7	\$2,852.00	\$1,350.00	\$660.00	\$3,603.00
6. Fee for analysis for 2 samples from the USDS (Western & Southern portions) storm water chamber at the Solid Waste Mgmt. Facility. Parameters to be tested for detailed in Table 1.	\$600.00	\$162.00	\$250.00	\$774.00
7a. Fee for SEMI-ANNUAL analysis for Quality Assurance/Quality Control.	\$3,350.00	\$887.00	\$544.00	\$7,046.00
7b. Fee for quarterly BASELINE sample and analysis (does not coincide with semi-annual sampling for Quality Assurance/Quality Control	\$1,725.00	\$815.00	\$600.00	\$2,450.00
7c. Fee for quarterly ROUTINE sample and analysis (does not coincide with semi-annual sampling for Quality Assurance/Quality Control	\$3,700.00	\$340.00	\$278.00	\$1,830.00

BID #15G46 - LEACHATE & GROUNDWATER ANALYSIS

Pardus Environmental	New Jersey Analytical Labs	Pace Analytical	Lockwood Kessler&Bartlett
-------------------------	-------------------------------	--------------------	------------------------------

BID COMPARISON PRICES

1. Fee for sample collection and analysis of groundwater from ten (10) GMP groundwater wells (traditional GMP) for **ROUTINE PARAMETERS plus TAL METALS.**

unit price X 2 (semi-annual) =	\$16,750.00	\$6,020.00	\$6,400.00	\$23,080.00
--------------------------------	-------------	------------	------------	-------------

2a. Fee for **BASELINE** sample collection and analysis of groundwater from six (6) ground wells associated with the Cell7 or Southern Ashfill expansion.

unit price X 1 (1 time) =	\$6,850.00	\$2,670.00	\$2,400.00	\$5,670.00
---------------------------	------------	------------	------------	------------

2b. Fee for **ROUTINE** sample collection and analysis of groundwater from six (6) ground wells associated with Cell7

unit price X 3 (3x/year) =	\$12,225.00	\$5,166.00	\$5,202.00	\$27,270.00
----------------------------	-------------	------------	------------	-------------

3. Fee for **BASELINE** sample collection and analysis from two (2) leachate monitoring points (primary and secondary) associated with the New Northern U

unit price X 2 (semi-annual) =	\$4,800.00	\$1,420.00	\$1,320.00	\$5,660.00
--------------------------------	------------	------------	------------	------------

4. Fee for **BASELINE** sample collection and analysis from two (2) leachate monitoring points associated with the Old Northern (secondary) U and the Old Southern Ashfil (secondary)

unit price X 2 (semi-annual) =	\$4,800.00	\$1,420.00	\$1,320.00	\$5,660.00
--------------------------------	------------	------------	------------	------------

5. Fee for **EXPANDED** sample collection and analysis from one(1) leachate monitoring point (primary) associated with Cell7

unit price X 2 (semi-annual) =	\$5,650.00	\$2,700.00	\$1,320.00	\$7,206.00
--------------------------------	------------	------------	------------	------------

6. Fee for **analysis** for 2 samples from the USDS (Western & Southern portions) storm water chamber at the Solid Waste Mgmt. Facility. **Parameters** to be tested for detailed in Table 1.

unit price X 1 (annually) =	\$600.00	\$162.00	\$1,088.00	\$774.00
-----------------------------	----------	----------	------------	----------

7a. Fee for **SEMI-ANNUAL** sample and analysis for Quality Assurance/Quality Control

unit price X 2 (2 times) =	\$6,700.00	\$1,774.00	\$1,200.00	\$14,092.00
----------------------------	------------	------------	------------	-------------

7b. Fee for **BASELINE** sample and analysis (does not coincide with semi-annual sampling) for Quality Assurance/Quality Control

unit price X 2 (2 times) =	\$1,725.00	\$815.00	\$556.00	\$2,450.00
----------------------------	------------	----------	----------	------------

7c. Fee for **ROUTINE** sample and analysis (does not coincide with semi-annual sampling) for Quality Assurance/Quality Control

unit price X 2 (2 times) =	\$3,700.00	\$340.00	\$278.00	\$1,830.00
----------------------------	------------	----------	----------	------------

TOTAL	\$63,800.00	\$22,487.00	\$21,056.00	\$93,692.00
--------------	--------------------	--------------------	--------------------	--------------------
